STAT Dear [redacted]

Last August you were kind enough to accept the arduous task of reviewing material pertaining to the Directorship of Mr. Allen Dulles. I understand that this massive job has now been completed. In addition to its principal purpose of assisting us in responding to Congressional inquiries in connection with investigations of the Intelligence Community, you have contributed greatly to our understanding of the genesis of many Agency activities. We are particularly grateful that during the course of your work you took the time to develop summaries of files and the material contained therein. We want you to know that we deeply appreciate your efforts.

Sincerely,

Vernon A. Walters
